

Happy Birthday to Buckles and His Horse Friends !

All Thoroughbred horses in North America celebrate their birthdays on January 1st! This helps owners, trainers, race track officials, and everyone in the Thoroughbred industry keep track of how old a horse is and what races it can run in based on its age!

The New Year also starts the foaling season when most Thoroughbreds are born.

Save the Date

Spring Race Meet | April 5-26

Sunrise Trackside | April 6, 13, 20

Kids Club Family Day | Sunday, April 21

Derby Day | Saturday, May 4

Stay tuned for summer event dates.

DIY SNOWBALL

Materials

- 1 cup corn starch
- ½ cup hair conditioner
- Ziplock bag or bowl
- Food coloring, glitter (optional)

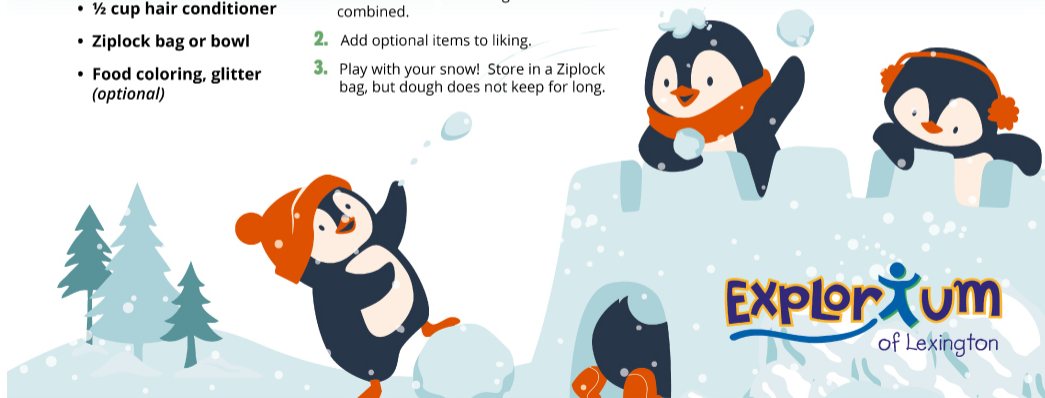

Procedure

1. In a Ziplock bag or bowl, mix the lotion and cornstarch together until combined.
2. Add optional items to liking.
3. Play with your snow! Store in a Ziplock bag, but dough does not keep for long.

How Does It Work?

Cornstarch is a complex carbohydrate extracted from corn kernels. Cornstarch is common in many recipes and is often used to thicken sauces or soups. The cornstarch in your dough helps to make it thicker and more solid.

The hair conditioner is a liquid made of water and many other ingredients. The conditioner helps to bind the cornstarch together and turn your mixture into dough.

A Message from Kentucky Children's Hospital

“Bundle up and know the warning signs of hypothermia”
