If a consignor chooses to limit access to Repository Information, a written request must be submitted to the repository.

VI. REQUIREMENTS OF BUYERS (INCLUDING THEIR AGENTS):

LEGAL NOTICE BINDING UPON ALL PARTIES INTERESTED IN THE SALE OR PURCHASE OF HORSES DURING KEENELAND SALES:

- A. The maintenance of the Repository by Keeneland shall not change any of Keeneland's Conditions of Sale which shall continue to be binding upon all parties; rather, the Repository shall provide an opportunity to facilitate buyers' inspection of horses which they may be interested in purchasing.
- B. Each buyer, per Keeneland's Conditions of Sale, is encouraged to inspect each horse which he may purchase including the Repository Information. As provided in the Conditions of Sale and otherwise, buyers are accepting any horse purchased with all defects except those conditions and defects specifically warranted on Keeneland's Conditions of Sale and not as announced prior to sale.

Keeneland will not review the Repository Information and makes no warranty or assurance of any kind concerning the authenticity or accuracy of the Repository Information, all of which shall be the responsibility of the consignor. The knowledge of Repository Information shall therefore not be imputed to Keeneland.
- D. Purchasers will be charged with knowledge of any defect that is or should be revealed by a reasonable inspection, including any defect that is or should be revealed by a review of the Repository Information, with the exception of the Consignors' warranties per Condition Fifth (cribbers and ridglings only) and Condition Sixth (upper respiratory, laryngoscopic evaluation). Those limited warranties remain effective as more fully provided for and stated in Conditions Fifth and Sixth, unless announcement is made by the auctioneer in conjunction with the sale of the horse in question. With respect to Condition Eighth (injury or disease of bone structure for two-year-olds in training only), any defect which will, more likely than not, materially and adversely affect the horse's suitability for training and racing, that appears on radiographs taken within 24 hours after the session in which the horse is sold and taken before the horse leaves Keeneland's grounds, which does not appear on the radiographs filed in the repository prior to the sale, is subject to arbitration as provided in Condition Eighth which may result in a return of the horse to the consignor and a refund of the purchase price.
- E. In the event consignor elects to place information in the Repository, consignor warrants that consignor has deposited in the Repository all of the required views mandated by Keeneland and further warrants the authenticity of said views.
- F. Furthermore, should the veterinarian responsible for the radiographs (and the attendant Veterinary Repository Report) have total or part ownership in a particular yearling, said ownership must be so disclosed on the Veterinary Repository Report.
