

Medication

Please be aware that some of these medication rules have recently changed:

- 1) No more than one (1) NSAID may be administered. Stacking of NSAIDS is prohibited.
- 2) Bronchodilators (Clenbuterol, Albuterol and other bronchodilators) are prohibited substances and may not be administered.
- 3) No more than one (1) corticosteroid may be administered.
- 4) The following may **not** be administered on the sales grounds:
 - a. - All substances classified as either Class 1 or Class 2 by the ACRI.
 - b. - Furosemide (Salix or Lasix)
 - c. - Procaine Penicillin
- 5) No medication may be administered 24 hours prior to a horse's performance in an under tack show. The schedule for administration of permitted medication at Keeneland's April Two-Year-Olds in Training Sale will be governed by the rules of racing as set forth by the Kentucky Horse Racing Commission.

Prohibited Practices

The following are outlined in the **Conditions of Sale**. Abuse can result in Rescission of Sale.

No Exogenous Anabolic Steroids or their esters are to be administered within 45 days of sale.

Not permitted on the sales grounds:

- **Extracorporeal Shock Wave Therapy or Radial Pulse Wave Therapy.**
- **Acupuncture and/or Electro Stimulation** with the intent of altering laryngeal function.
- **Internal blister or other injections** to the knee intended to have the effect of concealing the true conformation of the horse is not permitted at any time.
- **Any invasive practice which intentionally conceals a material defect or chronic lameness.**

All of the above policies are governed by the rules of racing as set forth by the Kentucky Horse Racing Commission.
